SOUTH AFRICA

ITV, BEAUTY TEMA (English)

“It makes me feel a bit sad, but I think as an elderly person, he needs his break he needs a rest, but I think he has left us a legacy because especially when I remember

the truth and reconciliation commission, he taught us to forgive and forget though it is not that simple. But as South Africans we have learnt so many things from him and as Christians he taught us to be a forgiving nation.”

ITV, SMUTS MAKHANYA (English)

“I think he has done so much for the country and then its gonna affect us but lucky enough we still have him in the country in the soil of south Africa, whenever we need any guidance from him as much as he is an older veteran from South African politics he will be there to help us and see the country is in a good mood.”

ITV, MARILYN FRANKFURT (English)

“The legacy he has left us should go on and the legacy is ubuntu [brotherhood] he has done a lot for every nation, every community. He has done a lot for us. We wish him well.”
